SPRING STOCK, For 1860, NOW COMPLETE AND IN STORE

Wm. S. Eakin & Co., North-west Corner Publi Square,

NASHVILLE, TENN.,

Intermittent Fever, or Fever and Ague, Remittent Fever, Chill Fever, Dumb Ague, Periodical Headache, or Bilious Headache, and Bilious Fevers, indeed for the whole class of diseases originating in biliary derangement, caused by the Malaria of miasmatic countries. No one remedy is louder called for by the ne-cessities of the American people than a sure and safe cure for Fever and Ague. Such we are now enabled to offer, with a perfect certainty that it will eradicate the disease, and with assurmee, founded on proof, that no harm can arise from its use in any quantity. That which protects from or prevents this dis-order must be of immense service in the commu-nities where it prevails. Prevention is better than cure, for the patient escapes the risk which he must run in violent attacks of this baleful distemper. This "Cone" expels the minimatic on of Fever and Aoue from the system and events the development of the disease, if taker. on the first approach of its premonitory symptoms. It is not only the best remedy ever yet discovered for this class of complaints, but also the cheapest. The large quantity we supply for a do'lar brings it within the reach of every body; and in bilious districts, where Feven and Adde prevails, every body should have it and use it freely both for cure and protection. It is hoped this price will place it within the reach of all — the poor as well as the ich. A great superiority of this remedy over any other ever discovered for the speedy and certain eure of latermittents is, that it contains no Quinian or mineral, consequently it produces no quinism or other injurious effects whatever upon the constitution. Those cured by it are left as healthy as if they had never had the disease.

Fever and Ague is not alone the consequence of the miasmatic poison. A great variety of disorders arise from its irritation, among which are Neural-gia, Rheumatism, Gout, Headache, Blindness, othache, Earache, Catarrh, Asthma, Palpitation, Painful Affection of the Spleen, Hysteries, Pain in the Bowels, Colic, Paralysis, and Derangement of the Stomach, all of which, when originating in this cause, put on the intermittent type, or become periodical. This "Curr" expels the poison from the blood, and consequently cures them all alike. It is an invaluable protection to immigrants and persons travelling or temporarily residing in the malarious districts. If taken occasionally or daily while exposed to the infection, that will be excreted from the system, and cannot accumulate is sufficient quantity to ripen into disease. Hence it is even more valuable for protection than cure, and few will ever suffer from Intermittents, if they

avail themselves of the protection this remedy Ayer's Cathartic Pills, FOR ALL THE PURPOSES OF A FAMILY PHYSIC. are so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search, and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astomished to find his health or energy restored by a remedy at once so simple and inviting.

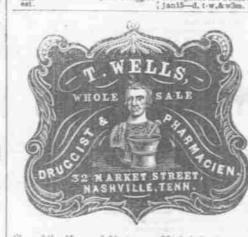

Notraphy do they care the corrections. Notronly do they cure the every-day cor very body, but also many formidable and dangerous fiscuses. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures and directions for their use in the following complaints: Costiveness, Heartburn, Headache, arising from disordered stamach, Nausea, Indigestion, us of Appetite, Jaundice, and other kindred com-sints, arising from a low state of the body or obstruc-

tion of its functions. They are an excellent alterative for the renovation of the blood and the restoration of one and strength to the system debilitated by disease. Ayer's Cherry Pectoral, FOR THE BAPID CURE OF Coughs, Colds, Influenza, Hourseness, Cr. Bronchitis, Incipient Consumption, an the relief of Consumptive Patients is vanced stages of the disease.

So wide is the field of its usefulness and so num are the cases of its cores, that almost every secti country abounds in persons publicly known, who is been restored from alarming and even desperate dis-cases of the lungs by its use. When once tried, its superarrity over every other medicine of its kind is too parent to escape observation, and where its virtues re known, the public no longer hesitate what antidote employ for the distressing and dangerous affections of the pulmonary organs that are incident to our illuste. While many inferior remodes thrust upon the community have failed and been discarded, this has rained friends by every triel, conferred benefits on the officted they can never forget, and produced cures too

CONCRETE SAYES TRIUMPHART!

Basvilla, Ky., March 6, 1868. MESSER, W. B. DORDS & CO., CINCIPERATE GENTS-The safe we purchased from you seems there when was severely tested by the recent directions have in this place, and we are happy to say it stood the test equal to the representations you made us when we purchased. Our store soom, in which the safe stood, was totally destroyed by the fire and the safe fell into the cellar, and was covered by the burning ruinz, but upon gelting it out and opening it we found every paper sale, not not at a them seeseled or defaced in any way. We take pleasure in bearing this testimony to the smellimi quality of the sales manefectured at you establishment.

Yours, T. J. SHINDHLDOWER. Forty-eight Hours in the Fire.

DARRYHLES, Rys. Marct. 9, 1800. Museau, WM. H. Donnes & Co., Concurrence Garristens-At the time of the fire which occurred to our town on 22d Pebruary, we had one of your sales in our lineares house, containing valuable paper, bank notes, die- The fire securred on the afternoon of the SM, and we did not remove our safe from the burning rule till the afternoon of the 24th, conse quently it was berried in the burning timbers for about forly right hours. In the cellar directly below where the sulv stood there was a considerable lot of fart, and several cashs of moaress, and the safe fell into it-of course it was subjected to a owerful heat. When we removed the rubbish from the safe it was all around it. Upon pulsing it up we discovered that in the fall one of the hinger had been broken, so that the curper of one of the doors dropped out, threely allowing a good deal of hear to penn traiens for as the inside doors. But as the afe fell with the door down, it was in some measure protected. We steen it due you to state further that the outside doors were not locked. bey had the door could not have fallen open, even though the hings was broken. When we opened the safe we found the pu-

pera, bank notes, Atr., all secure. Very respectfully yours (Signed) 9 W. WELCH & CO.

Dansman, Ky , March 7, 1800; MESSES. W. B. Dunes & Co., Utsummay: Dran Sins-The safe I purchased of you in Sentember last has stood the great fire which occurred in our town on the 2/1 February splendidly: I had a large amount of notes, receipts Are, in it, before the publishing burned I took this papers out but put In some sheets of paper, and upon opening it vians the briming, NOT EVEN SCORCHED. The renarring on the drawers was a little warped; the lock works very wall, and when I sil it a little I think

it will be as good as ever. My safe was in the lower story of a three story building with shingle conf. In an adjoining room, with only a plastered partition, a drug store was kept, and immeliately opposite whose my safe way considerable quantity of paints, ails, turpention, camphine, at liquiors. The building was connected with the Patterness stored on one side and was within six feet of the Court House on the other, with a large pile of wood between my effice and the Cours House, and a door entering into my office amendately from the wood. There was also a small frame building attached to the rear of the Drug store, with olds, paints, and liquers in it, and a glass door leading into my office from it. You will see at once the excessive heat created at and about it. I regard it fally tested, and have no hesitaper in earing that my papers would have been preserved if I had left them in the safe. A number of our citizens have examined it since the fire and were surprised at its condition, and some of them have ordered ming of you, believing them Beally Fire Proof Safes.

are at liberty to make such use of this statement as you deem Yours, [signet] M. J. DURHAM s. We are Agents for these splendid Smiles and leavile the pulslic to call and see other certificates as to the sounner in which they resist the stuncks of both FIRE AND BURGLARS.

I shall take great pleasure in recommending your sales. You

These safes have never falled to preserve their contrate, and are warranted to be Entirely Free from Damp. The construction of the BURGLAR PROOF SAFES is pe uliar, and in convention with the "Great American Key Regisfor Lock," (which persenses the great advantage of having No Key Hole salvet has be security of a Permutating Mey capable of 250,000,000 changes) They will be found perfectly impregnable STRATTON & SEVMOUR.

Art Recreations. Being a complete guide to ornamenta.

work, painting, drawing, etc., etc. For sain by JOHN YORK & CO. STAR AND ADAMANTINE CANDLES. THE attention of the public is invited to the fact, that most of the Star and Adamentine Cardies offered for sale, are Belicient in Weight. So that what is said for a pound, scinsily weighs but 14 or 15 ounces, and packages marked "48 its" fall above four, three, and ounces, and packages marked "40 lbs" fall abort few, three, and even five pounds to the ber.

Mincy Caroline that are really even to the pound, ere branded and soid as sizes, making a difference against the "measurer of five pounds to the box. The variation usually made in the price is not proportioned to this difference, as the following statement is not proportioned to this difference, as the reliability analysis shows:

A Box of Sevens centaries 247 Candles, and is sold for 25 the, which is the satural weight.

A Box of 14 es, or "Short Weight Streat" contains only 2445
Candles, same size as the sevens, and is sold for 25 lbs.

Supposing the price of the former to be 20 cents, and the latter 15 cents, there will be a difference of twenty cents in price, and seven Candles in count per box, in favor of the fail weight Candles to retailers and consumers; and fifs will be increased five cents per box for every cent advances in price.

The subscribes have always made their Candles fail, ascess munoes to the perond, and m rhed percanges at the real weight, which may be accreatabled by testing them. As their experiences in the business confide them to other at article equation in qual 'y te say in the market, they splicit the paramage of purchasers who desire to study their own interest, and, at the ream tone, uncotrage currect dealing.

PROCTER & GANELE.

RED BOILING SPRINGS, WACON COUNTY, TRANSMIEE. AVING purchases the interest of Henry Numbe & Brake to the above estatest Springs, we have taken possession of the same, and are determined to space no exertions to render a plessant sommer retreat.

The springs are torested in Macon county, sevenly miles distant fron Nashville. Parties leaving for the Sprine a will take the Gallatin car, at which place stages leave for Hariseille, thence by lack. The hack will leave cray other morning from the first of Jane.

The regulation of the sater is too well known in this community to need any comment. For Scrobia, Dyspapsia, Gravels, Stone in the blackler, and all affections of the believe they are a specific. I can refer with pleasure to fir. S. A. Hariseit, of Machille, aspiring evidence of the curative powers of the white, he having been permanently cared of an approvated came of fleavel. naving been permanently cured of an marif-dlm White a
